Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. 15. Background

Reliance MediaWorks Theatres Limited ('RMTL' or 'the Company') was incorporated on May 19, 2003 and is a partner in a partnership firm M/s. Gold Adlabs which is engaged in running and operating a Multiplex Theatre at Marigold Complex, Kalyani Nagar, Pune.

16. Significant accounting policies

i. Basis of preparation

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013. The financial statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian Rupees except where mentioned otherwise.

ii. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles ('GAAP') in India requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of the financial statements. Management believes that the estimates made in the preparation of financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

iii. Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Share of profit in Partnership firm is recognised on the basis of audited financial statements of the Partnership firm.

Interest income is recognised on a time proportion basis at the rate implicit in the transaction.

iv. Investments

Investment with Partnership firm represents the balance outstanding in the capital account of the company with the Partnership firm.

v. Taxation

Income-tax expense comprises current tax expense computed in accordance with the relevant provisions of the Income tax Act, 1961 and deferred tax charge or credit.

Current tax provision is made based on the tax liability computed after considering tax allowances and exemptions, in accordance with the Income tax Act, 1961. Deferred tax charge or credit and the corresponding deferred tax liability or asset is recognised for timing differences between the profits /

Reliance MediaWorks Theatres Limited

Notes to the financial statements (Continued)

(Currency: Indian Rupees)

losses offered for income taxes and profits / losses as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down / up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realised.

vi. Provisions and contingencies

Provisions comprise liabilities of uncertain timing or amount. Provisions are recognized when the Company recognises it has a present obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Loss contingencies arising from claims, litigation, assessment, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

vii. Earnings per share

In determining earning per share, the Company considers the net result after tax and includes the post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earning per share is the weighted average number of shares outstanding during the year. The number of shares used in computing diluted earning per share comprises the weighted average shares considered for deriving basic earnings per share and also the weighted average number of shares that could have been issued on the conversion of all dilutive potential equity shares unless the results would be anti -dilutive. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date.
